RESOLUTION

To express the sense of the Senate that the Secretary of Agriculture should establish a temporary emergency minimum milk price that is equitable to all producers nationwide and that provides price relief to economically distressed milk producers.

Whereas the basic formula price for milk established by the Secretary of Agriculture under Federal milk marketing orders fell to a 6-year low of \$10.70 in May 1997 following months of substantial price volatility and remained at similarly low levels throughout the summer of 1997;

ducing milk for milk producers in all regions of the United States, as calculated by the Department of Agriculture;

Whereas income losses to milk producers resulting from low milk prices have imposed economic hardship on milk producers in all regions of the United States;

Whereas lost income to milk producers may create economic losses to businesses and result in loss of jobs in rural communities;

Whereas milk producers, rural residents, and agribusinesses in rural areas have petitioned the Secretary of Agriculture to implement an emergency milk price floor to provide price relief to milk producers;

Whereas the Secretary of Agriculture has authority under the Agricultural Adjustment Act (7 U.S.C. 601 et seq.), reenacted with amendments by the Agricultural Marketing Agreement Act of 1937, to establish minimum prices paid to milk producers covered by Federal milk marketing orders; and

Whereas the Secretary of Agriculture has authority under section 143 of the Agricultural Market Transition Act (7 U.S.C. 7253) to use informal rulemaking to reform Federal milk marketing orders: Now, therefore, be it
